

Outside Las Vegas Commitment to the Environment

- Help Southern Nevadan's discover a sense of place.
- Encourage collaboration on community issues regarding quality of life and stewardship of public lands.
- Build and facilitate strategic partnerships.
- Advocate for preservation of open space and trail connectivity.
- Design and launch conservation and environmental education initiatives.

The Outside Las Vegas Foundation's expertise is in understanding the larger social, political and environmental landscape in Southern Nevada and finding ways to weave the disparate pieces together into workable solutions for the partner, community and the public lands.
